

Welcome address to the participants in 29th edition of the Mebel International Exhibition

Ladies and gentlemen,

On behalf of Expocentre I am pleased to welcome all exhibitors and visitors to the 29th edition of the Mebel International Exhibition for Furniture, Fittings and Upholstery.

Industry professionals and independent experts of Russia and their foreign colleagues view Mebel as a furniture trend setter in Russia and the CIS since the event involves domestic and foreign majors of the furniture industry, best designers, and interior specialists. Mebel 2017 is held under the auspices of the Russian Chamber of Commerce and Industry.

Dealers and representatives of principal furniture retailers come to the trade show from all parts of Russia, the CIS, the Baltic region, and many other countries. The breadth of representation boasted by the Mebel exhibition gives its participants a good chance to strengthen their competitive edge. It is important to showcase products on the same platform with one's key rivals and look better and stronger against that backdrop. Besides, there is no better way to improve one's image than to take part in a prestigious international show of high standing.

A well-organized exposition of Mebel 2017 embraces every area of the furniture market. A number of salons and sections have been created for convenience of participants and visitors. This enables visitors to concentrate on exhibits of their interest.

The Mebel 2017 exhibition opens doors to new and original ideas. Visitors are free to touch every product and feel the advantages of state-of-the-art technologies, services, and designer solutions.

Let me wish interesting meetings and business networking with participants and visitors to the Mebel 2017 Exhibition.

Sincerely yours,
Sergey Bednov
General Director
