

Dear organizers, participants, and visitors to Mebel 2017,

Let me congratulate you on the opening of the 29th edition of the Mebel International Exhibition for Furniture, Fittings and Upholstery.

The Russian furniture sector is a branch of the timber industry which directly meets consumer needs.

Innovations, advanced technologies, a constantly widening range of products, and upscale design enable domestic companies to create modern marketable furniture.

Mebel 2017 is a prestigious event demonstrating potential of the Russian furniture industry.

The high international standing of the trade show is proven by support and participation of many foreign furniture manufacturers which use Mebel as a tool to develop their business in Russia.

The exhibition plays host to meetings for domestic and foreign businessmen, specialists from related industries, and research centers, and informs businessmen of the latest scientific and technical products, design solutions, and market trends.

The Mebel 2017 exhibition furthers the development of the national furniture market, increases competitive edge of Russian furniture manufacturers, and boosts export potential of the industry.

I wish the Mebel 2017 participants and visitors effective cooperation, profitable contracts, and achievement of their goals.
